

Evidence & Decision Boards

VISUAL SUBJECTS

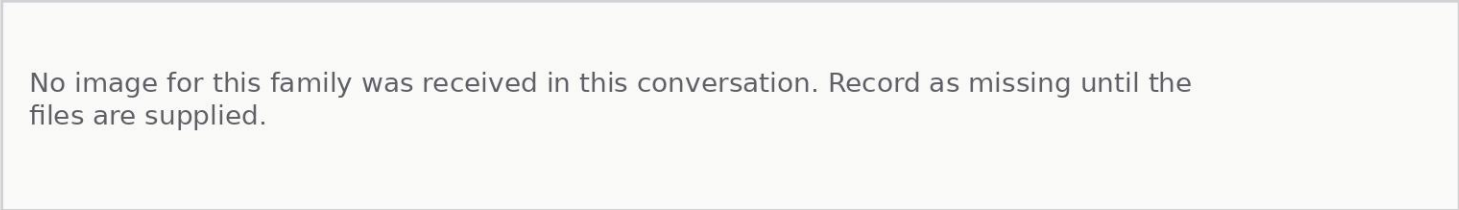

BIR A–N, Building Health Score, acquisition decision contract, source/confidence boards

DOCUMENT WITH EACH IMAGE

Verified sources, scenario metadata, gates, explicit uncertainty

EVIDENCE BOUNDARY

Evidence is illustrative unless tied to source records

NEXT TEST

Supply the image files, then tag and review.

Portfolio Command

VISUAL SUBJECTS

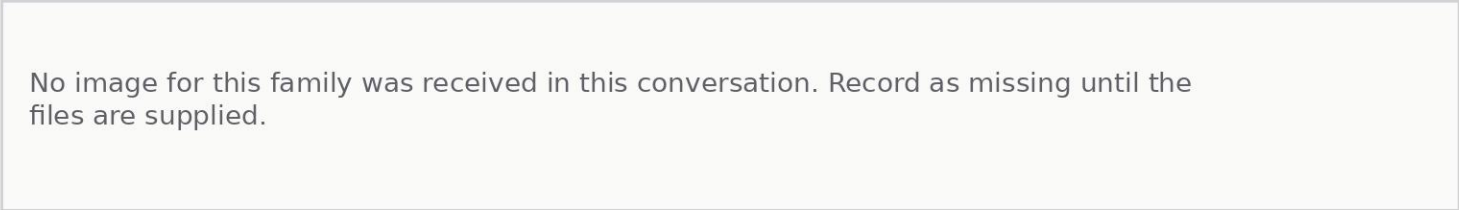

Asset overview, vacancy, turns, work orders, capex, reserves, decision queue

DOCUMENT WITH EACH IMAGE

Operational data and human approval for consequential actions

EVIDENCE BOUNDARY

Concept UI, not live dashboard

NEXT TEST

Supply the image files, then tag and review.

Compliance & Eligibility

VISUAL SUBJECTS
Recertification, permit/legal-unit status, approvals and escalations

DOCUMENT WITH EACH IMAGE
Authority, dates, status, audit trail

EVIDENCE BOUNDARY
Never infer legal units from renderings

No image for this family was received in this conversation. Record as missing until the files are supplied.

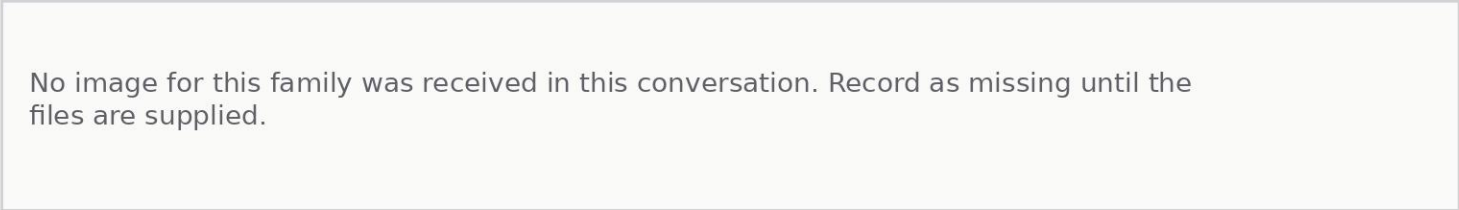

NEXT TEST
Supply the image files, then tag and review.

Maintenance & Turns

VISUAL SUBJECTS
Work-order workflows, vendor cycles, unit turns, robot interfaces

DOCUMENT WITH EACH IMAGE
Separate deployed capabilities from speculative robotics

EVIDENCE BOUNDARY
Future interfaces are conceptual

NEXT TEST
Supply the image files, then tag and review.

Asset Stabilization

VISUAL SUBJECTS

Lease-up, actual rents, NOI, expenses, DSCR, cash flow, refinancing

DOCUMENT WITH EACH IMAGE

Actual vs modeled states and no-refinance downside

EVIDENCE BOUNDARY

Financial numbers require source and date

No image for this family was received in this conversation. Record as missing until the files are supplied.

NEXT TEST

Supply the image files, then tag and review.

Digital Twin & Scenario Lab

VISUAL SUBJECTS

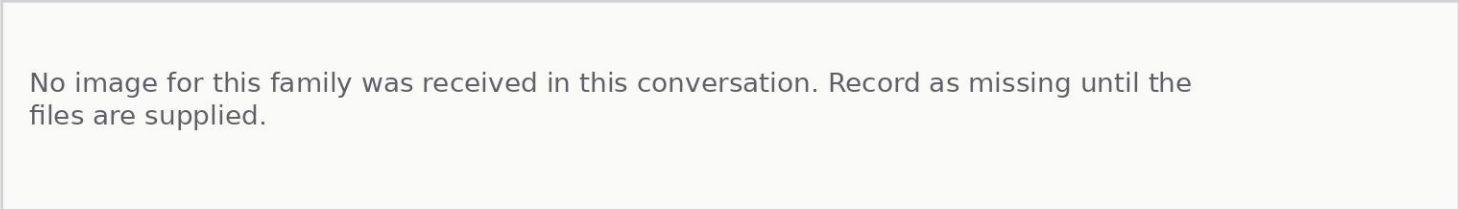

Existing-condition scan, LOD 0–3, adaptive reuse alternatives, P10/P50/P90

DOCUMENT WITH EACH IMAGE

LOD and evidence maturity, scenarios not approved plans

EVIDENCE BOUNDARY

Not an as-built or engineering certification

NEXT TEST

Supply the image files, then tag and review.

Acquisition & Capital

VISUAL SUBJECTS

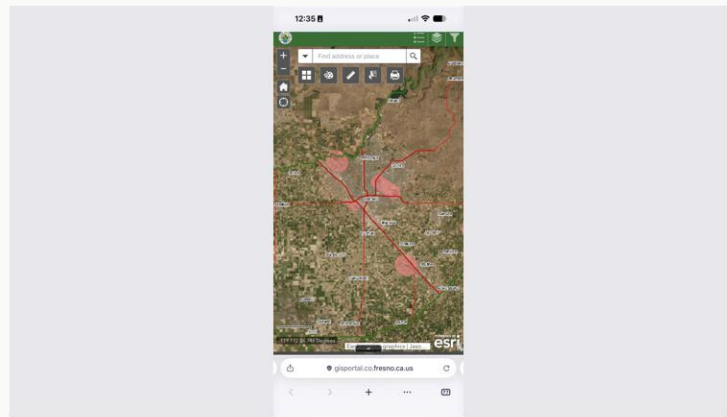

Kern/Fresno parcel dossier, jurisdiction, comparables, feasibility, buy/hold/no-buy

DOCUMENT WITH EACH IMAGE

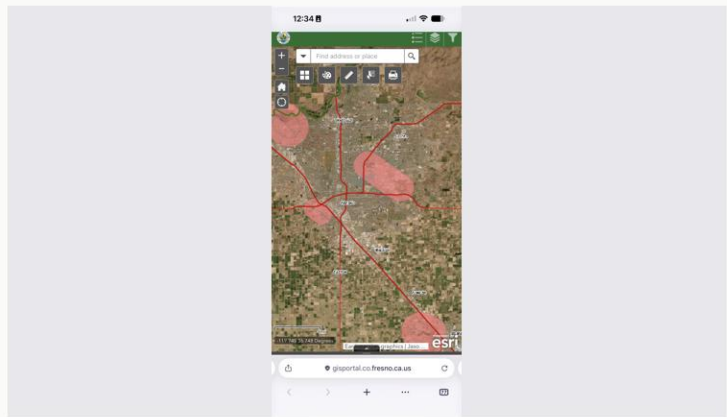

APN, jurisdiction, source dates, lender assumptions, evidence gates

EVIDENCE BOUNDARY

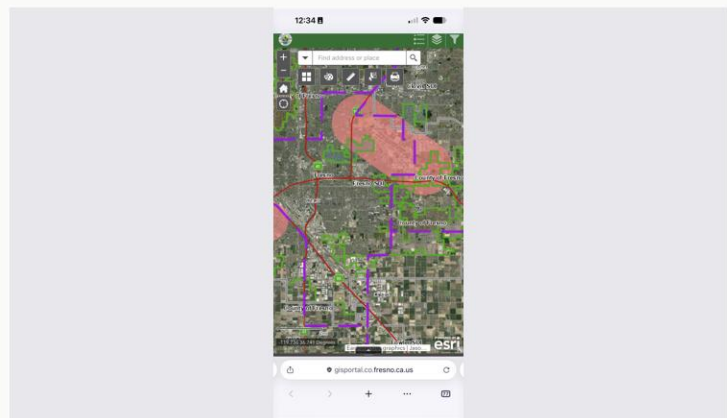

No image constitutes verified parcel evidence

AIMV-001 Fresno County GIS portal screenshot A

AIMV-002 Fresno County GIS portal screenshot B

AIMV-003 Fresno County GIS portal screenshot C

IMAGES AND FLAGS

AIMV-001 Phone screenshot (12:35) of gisportal.co.fresno.ca.us web map: aerial basemap, red road lines, pink zones.

No parcel selected; layer names and legend not visible; capture date not on image

AIMV-002 Phone screenshot (12:34) of the same portal at a different extent: pink zones along a road corridor.

No parcel selected; layer names and legend not visible; capture date not on image

AIMV-003 Phone screenshot (12:34) of the portal with purple and green boundary lines (likely city limit / sphere of influence) and pink zones.

Boundary meaning not labelled on image; confirm layer names before use

NEXT TEST

In the Fresno portal, tap each F1-F5 parcel and screenshot the info popup showing the APN; note the layer names and date.

Adaptive Reuse / Intervention Ladder

VISUAL SUBJECTS
Existing building to targeted rehabilitation and modernization

DOCUMENT WITH EACH IMAGE
Existing vs proposed; regulatory, cost and unknown-condition risks

EVIDENCE BOUNDARY
Conceptual feasibility only

No image for this family was received in this conversation. Record as missing until the files are supplied.

NEXT TEST
Supply the image files, then tag and review.

AIModular New Construction

VISUAL SUBJECTS

Kit-of-parts, structural chassis, passive systems, courtyard/infill concepts

DOCUMENT WITH EACH IMAGE

Assembly sequence, dimensions, climate response, structural review

EVIDENCE BOUNDARY

Renderings not permit drawings

No image for this family was received in this conversation. Record as missing until the files are supplied.

NEXT TEST

Supply the image files, then tag and review.

Environmental & Deployable Structures

VISUAL SUBJECTS

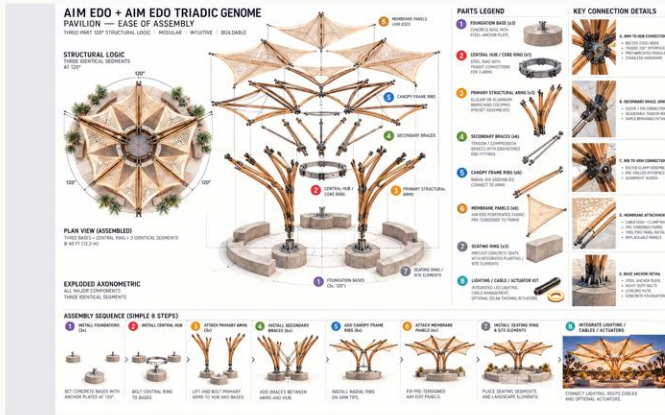

Retractable shade, thermal actuation, anticlastic fabric, outdoor public realm

DOCUMENT WITH EACH IMAGE

Deployment states, failure modes, maintenance, engineering validation

EVIDENCE BOUNDARY

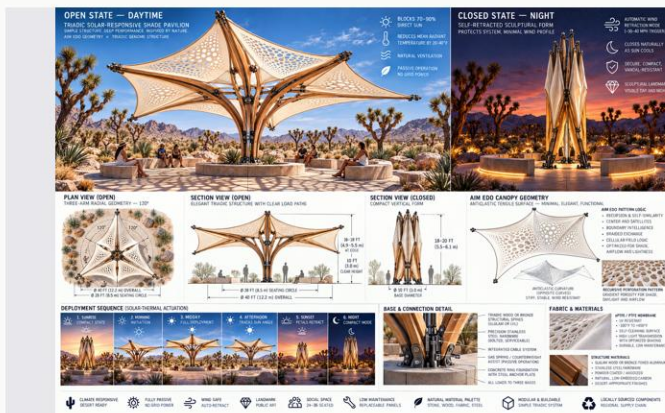

Prototype hypothesis

AIMV-004 EDO triadic pavilion - kit of assembly

AIMV-005 EDO triadic pavilion - desert render

AIMV-006 EDO triadic pavilion - open/closed states board

AIMV-017 Triadic canopy lounge - desert

IMAGES AND FLAGS

AIMV-004 White board: pavilion plan, exploded parts legend, connection details and assembly sequence.

Dimensions and loads illustrative; structural review required

AIMV-005 Tensile perforated canopy on triadic masts over seating in a Joshua-tree desert.

AIMV-006 Day (open) and night (closed) states, plan, sections, assembly icons and performance callouts.

Performance callouts (shade %, cooling, wind retraction) are design goals, not tested

AIMV-017 Large triadic arch with fabric canopy over lounge seating at sunset.

NEXT TEST

Engineer review of one canopy module: loads, wind retraction, deployment and failure states, maintenance.

Robot Building Interface

VISUAL SUBJECTS

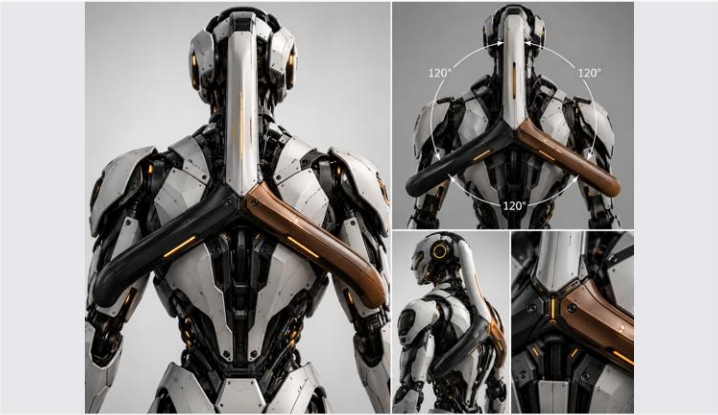

Indoor rover, cargo pod, mobility chassis, access/routing and wall/tablet OS

DOCUMENT WITH EACH IMAGE

Building permissions vs robot local autonomy

EVIDENCE BOUNDARY

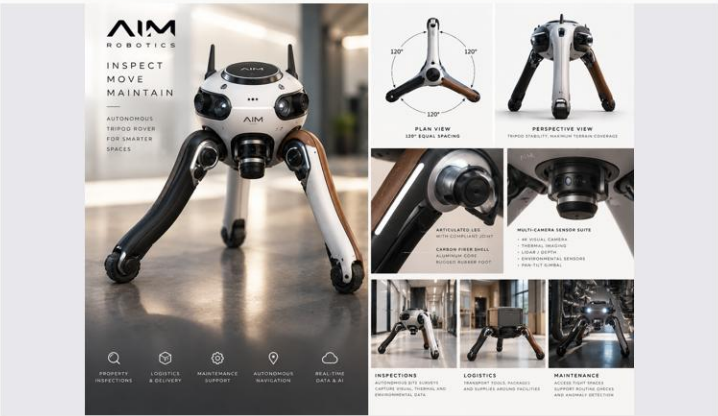

Robotics concepts not installed systems

AIMV-012 Humanoid robot with triadic harness

AIMV-014 AIM drone dock - land, charge, deploy

AIMV-015 AIM Robotics tripod rover - inspect, move, maintain

IMAGES AND FLAGS

AIMV-012 White/black humanoid robot with a triadic shoulder harness; 120-degree detail views.

Robotics concept, not an installed system

AIMV-014 Tripod triadic drone dock with quadcopter in desert; detail panels.

Belongs to EDO Droid / drone track; not in Phase 1 scope

AIMV-015 Three-leg rover with sensor head; 120-degree plan and detail panels.

Belongs to EDO Droid track; not in Phase 1 scope

NEXT TEST

File under the EDO Droid track; define what a robot may do in a building (permissions) before any pilot.

EDO Pattern Genome / Texture Library

VISUAL SUBJECTS

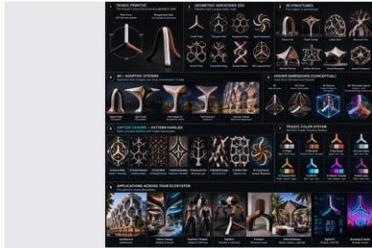

Genotype-to-phenotype, recursion, hierarchy, Voronoi, triadic geometry

DOCUMENT WITH EACH IMAGE

Genome fields, source influence, material and application

EVIDENCE BOUNDARY

Cultural interpretation distinguished from measured performance

AIMV-007 AIM EDO triadic genome - pattern f

AIMV-008 AIM EDO triadic genome - pattern I

AIMV-009 AIM EDO triadic genome - master bo

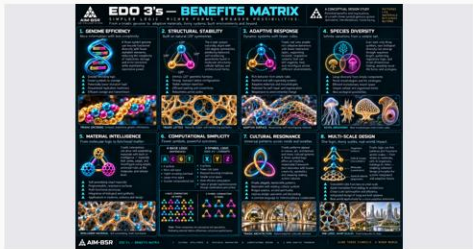

AIMV-011 Triadic furniture - side table and

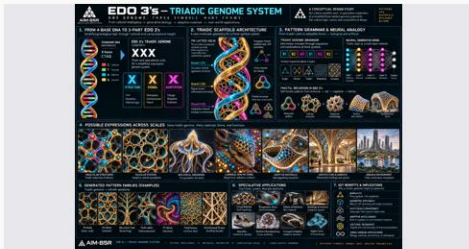

AIMV-019 Triadic primitive - rope (flat)

AIMV-020 Triadic primitive - rope (standing)

AIMV-038 EDO 3's - benefits matrix

AIMV-042 EDO 3's - triadic genome system

IMAGES AND FLAGS

AIMV-007 Dark board: triadic primitive, 2D geometric variations, 3D structures, pattern families, applications strip.

AIMV-008 Dark board: geometric library, dimensional exploration, pattern system, colour system, applications strip.

AIMV-009 Dark board: the primitive, 2D geometries, 3D structures, 4D adaptive systems, pattern families, colour palettes, applications.

AIMV-011 Side table and globe lamp on three-leg triadic bases (white, black, walnut).

AIMV-019 Three ropes (white, black, brown) joined at 120 degrees, lying flat.

AIMV-020 Three ropes joined in a standing tripod arch.

AIMV-038 Poster: eight claimed benefit areas of a three-symbol genome, with conceptual note.

Typo 'intelligence'; benefits are conceptual, not demonstrated (poster says so)

AIMV-042 Poster: 4-base DNA vs three-strand genome, scaffold, pattern grammar, expressions across scales.

Poster itself states 'not a literal scientific claim'; keep that label

NEXT TEST

Store the genome rules (arm count, 120-degree angle, materials, colours) as data, separate from the renders.

Digital Surfaces & Wayfinding

VISUAL SUBJECTS

Interior/exterior media walls, floor/ceiling interfaces, navigation indicators

DOCUMENT WITH EACH IMAGE

Safety/egress legibility, accessibility, functional UI first

EVIDENCE BOUNDARY

Media surface concept; code review required

AIMV-016 AIM-B5R lobby wayfinding kiosk

IMAGES AND FLAGS

AIMV-016 Triadic kiosk with screens in a lobby; AIM-B5R mark on the mast.

Media surface concept; egress/accessibility review before use

NEXT TEST

Accessibility and egress review of the kiosk; functional UI first, media second.

Synaptic Residences / Future Concepts

VISUAL SUBJECTS

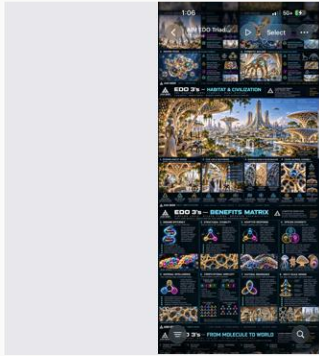

Cybernetic dwellings, adaptive rooms, autonomy and long-range visions

DOCUMENT WITH EACH IMAGE

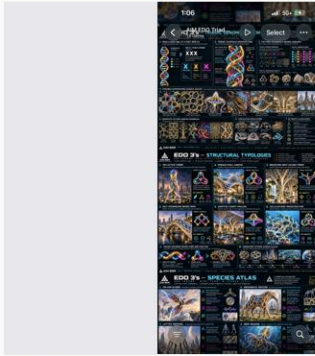

Future status, dependencies, no implied commercial readiness

EVIDENCE BOUNDARY

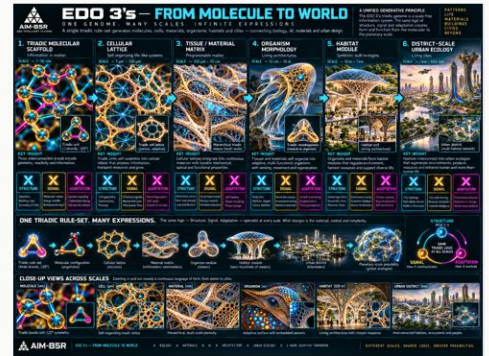

Speculative exploration

AIMV-029 EDO 3's album screenshot (species

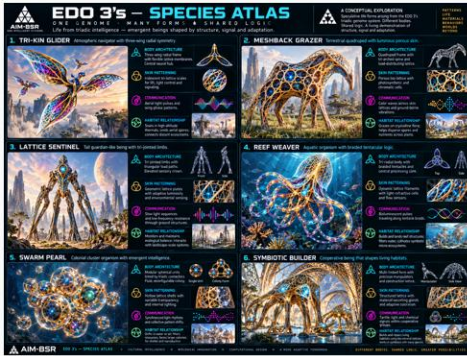

AIMV-030 EDO 3's album screenshot (genome /

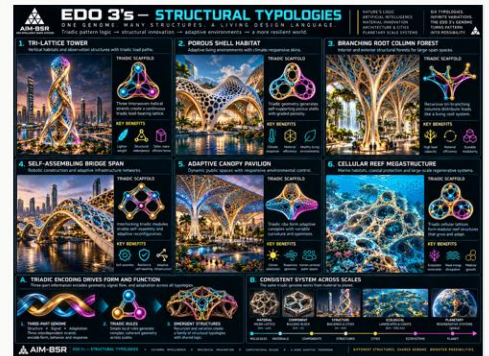

AIMV-037 EDO 3's - from molecule to world

AIMV-039 EDO 3's - habitat and civilization

AIMV-040 EDO 3's - species atlas

AIMV-041 EDO 3's - structural typologies

IMAGES AND FLAGS

AIMV-029 Phone screenshot of a 13-item photo album scrolled through EDO 3's posters.

Derivative: screenshot of posters indexed separately

AIMV-030 Phone screenshot of the same album scrolled through the genome, typologies and species posters.

Derivative: screenshot of posters indexed separately

AIMV-037 Poster: six scales from molecular scaffold to district ecology; structure/signal/adaptation per scale.

Speculative science framing; keep labelled conceptual

AIMV-039 Poster: lattice city with towers and waterfalls; interior, civic, facade and material panels.

AIMV-040 Poster: six speculative organisms (glider, grazer, sentinel, reef weaver, swarm pearl, builder).

Header and footer read 'AIM-BSR' (typo for AIM-B5R)

AIMV-041 Poster: tower, porous shell, root column forest, bridge, canopy pavilion, reef megastructure.

Header and footer read 'AIM-BSR' (typo for AIM-B5R)

NEXT TEST

Keep as worldbuilding, labelled speculative; fix typos before sharing.

AIM Identity & Presentation Boards

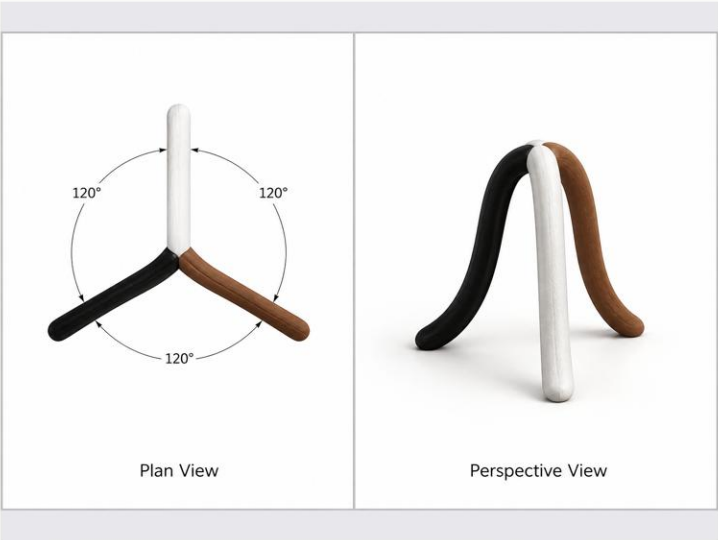

VISUAL SUBJECTS
Voronoi triangular AIM mark, dark/minimal, cyan/magenta, EDO family

DOCUMENT WITH EACH IMAGE
Canonical logo, palette, approved typography, provenance

EVIDENCE BOUNDARY
Brand boards not technical evidence

AIMV-010 AIM triadic plaza sculpture

AIMV-018 Triadic primitive - plan and perspective (MASTER)

IMAGES AND FLAGS

AIMV-010 Large white/black/brown triadic sculpture in a plaza with AIM signage and a glass building.

AIMV-018 White background: three arms at 120 degrees in plan and perspective (white, black, brown).

Master reference for generated visuals

NEXT TEST
Lock the canonical mark, palette and type; use 15a1ad15 as the master primitive; fix 'AIM-BSR' typos.

L.E.T. Homes & Operations

VISUAL SUBJECTS

Desert/snow/valley/mobile nodes, Airbnb operations cycle, guest journey, turnover, portfolio dashboard

DOCUMENT WITH EACH IMAGE

Site context, STR rules per jurisdiction, actual vs illustrative metrics, owner approval

EVIDENCE BOUNDARY

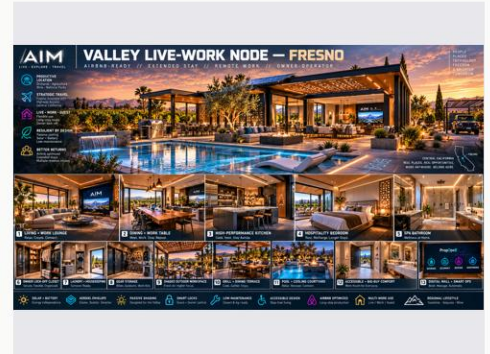

Dashboard numbers are illustrative, not track record

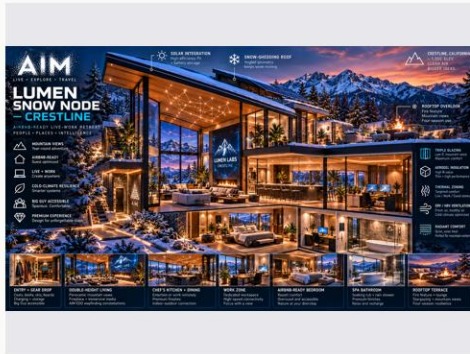

AIMV-031 L.E.T. Airbnb + operations workflow

AIMV-032 Mobile Field Node - Kern County /

AIMV-033 Valley Live-Work Node - Fresno

AIMV-034 Lumen Snow Node - Crestline

AIMV-035 Eon Desert Node - Twentynine Palms

AIMV-036 L.E.T. homes + workflow system

IMAGES AND FLAGS

AIMV-031 Poster: 9-step operations cycle, guest journey, turnover, maintenance, portfolio dashboard, site filters, checklist.

ILLUSTRATIVE NUMBERS (12 properties, 94% occupancy, \$48K/mo, 2.4x CoC, +18%, ADR table); Airbnb trademark shown

AIMV-032 Truck, expandable trailer with sleep/kitchen/bath/command modules, drone pad, Kern route map.

Step bar has two '4' steps and repeated text under Analyze/Operate

AIMV-033 Single-family pool home with outdoor kitchen; 13 room vignettes; system icons.

Single-family STR concept, not the 10+ unit pilot; STR rules need checking per city

AIMV-034 Two-storey mountain home cutaway in snow; room vignettes; envelope callouts.

Envelope specs (aerogel, triple glazing) are design intent

AIMV-035 Desert home at dusk with rooftop triadic canopy, Stuttr media wall, self check-in, drone pad, EV charger.

AIMV-036 Poster: brand DNA legend, four site contexts, home types, workflow stack, systems, accessibility, wayfinding.

ILLUSTRATIVE NUMBERS on dashboard (12 properties, 94%, \$48K, 2.4x)

NEXT TEST

Label dashboard numbers 'illustrative'; check short-term-rental rules per site; use the 9-step cycle for the L.E.T. admin stages.

AIM Seamless Threads (wearables)

VISUAL SUBJECTS

Adaptive apparel lines, pets, droid augmentation, fabrication engine, body-to-surface workflow

DOCUMENT WITH EACH IMAGE

Material reality vs aspiration; medical/health claims; body-data privacy

EVIDENCE BOUNDARY

Outside AIM-B5R scope; no medical or performance claim is validated

AIMV-013 Seamless Threads - triadic harness

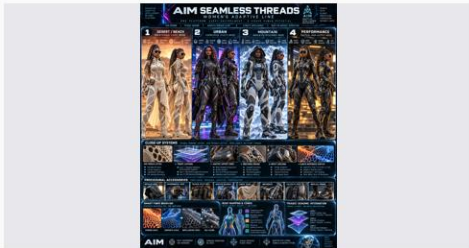

AIMV-021 Seamless Threads - pets, inclusive

AIMV-022 Seamless Threads - cybernetic droid

AIMV-023 Stuttr - Seamless Threads performa

AIMV-024 Seamless Threads - women's adaptiv

AIMV-025 Seamless Threads - men's adaptive

AIMV-026 Seamless Threads - fabrication eng

AIMV-027 Body-to-surface workflow

AIMV-028 Seamless Threads - platform overvi

IMAGES AND FLAGS

AIMV-013 Man and woman in white athletic wear with triadic harness straps; geometry-to-fashion detail panel.

AIMV-021 Poster: dog vests, inclusive body types, wheelchair user, surface tech, closures, service/medical uses.

Medical/health claims (vital signs, post-surgery, therapeutic) need regulatory review before publishing

AIMV-022 Poster: droid/human platform views, surface layers, functional zones, modular components, repair cycle.

AIMV-023 Poster: Stuttr lead in lit coat with two performers; performance, travel and studio modes.

Also a Dance8 wardrobe reference

AIMV-024 Poster: desert, urban, mountain, performance modes; close-ups, accessories, body mapping.

AIMV-025 Poster: desert, urban executive, mountain, performance modes; material intelligence, inclusive fit.

AIMV-026 Poster: multi-material printing cell, process steps, lattice, repairable modules, cross-section.

Materials (aerogel, phase-change gel, graphene) are aspirational, not specified

AIMV-027 Poster: scan, mesh, pressure/thermal maps, genome interpretation, final suit; climate-tuned fits.

Shows example heights/weights; body data needs consent and privacy rules if ever real

AIMV-028 Poster: body capture, genome engine, materials, fabrication, climate modes, applications, strategic value.

NEXT TEST

Decide whether wearables sit inside AIM; remove or qualify medical claims before any publication.

Stuttr / Dance8 Media References

VISUAL SUBJECTS

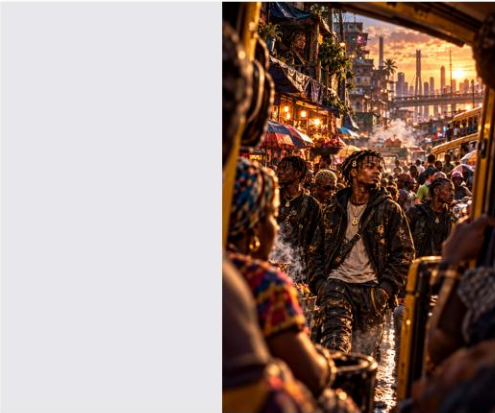

Stuttr crew scenes, performance wardrobe

DOCUMENT WITH EACH IMAGE

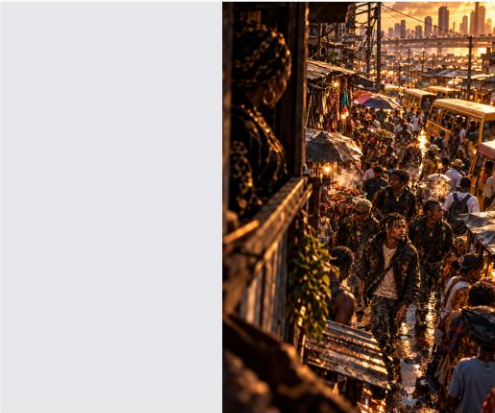

Fictional characters only; AI disclosure; reference-set IDs for Dance8

EVIDENCE BOUNDARY

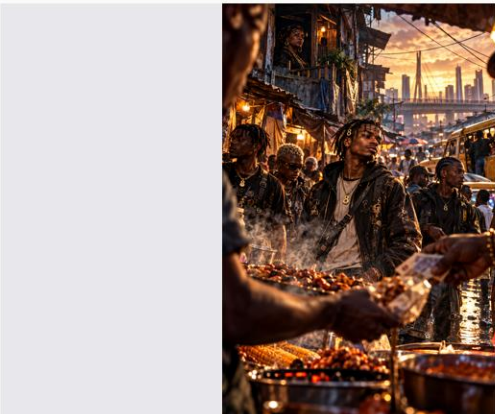

Outside AIM-B5R scope; media reference only

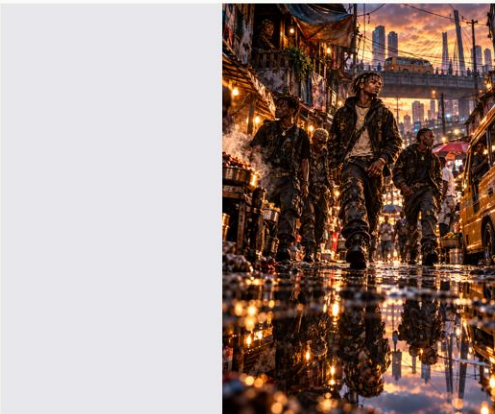

AIMV-043 Stuttr crew - market street (wide)

AIMV-044 Stuttr crew - from a bus window

AIMV-045 Stuttr crew - food stall foreground

AIMV-046 Stuttr crew - reflection walk

IMAGES AND FLAGS

AIMV-043 Crew in camo walking through a crowded wet market street at sunset, bridge and skyline behind.

Dance8 / Stuttr scene reference, not AIM-B5R

AIMV-044 Over-the-shoulder view from a yellow bus window onto the crew in the market street.

Dance8 / Stuttr scene reference, not AIM-B5R

AIMV-045 Crew framed behind a vendor handing food across a grill.

Dance8 / Stuttr scene reference, not AIM-B5R

AIMV-046 Crew walking toward camera over a wet reflective street.

Dance8 / Stuttr scene reference, not AIM-B5R

NEXT TEST

Register as Dance8 reference set 'ref-stuttr-crew' for clip consistency.
